12:05-12:20	Closing remarks and next steps

* This workshop is being held in honor of our Fellow, Dina Dizengoff Lamberger, who passed away after her brave struggle with cancer. We'd hoped her tireless strength and energy in everything she touched would overcome cancer. We are holding this workshop in collaboration with her colleagues at the Municipality of Jerusalem in her memory as we continue to work on the unfinished business that she helped start. Dina was a Milken Fellow at the Ministry of Finance in the State Guarantees Department applying her training later at Jerusalem Municipality where she served. Wherever she was, she was loved by everyone and was a true friend and colleague whose memory is a blessing to all of us.
